COMMUNITY AGREEMENT

The Aspen Institute is dedicated to advancing a free, just, and equitable society. Consistent with that mission, the Institute is committed to creating a safe and vibrant community that is respectful, inclusive, and welcoming to people from all different backgrounds and across the world. We recognize people will have different viewpoints and perspectives. However, only when we treat people with mutual respect and dignity can we truly come together to share a free and open exchange of ideas. So we offer [this Community Agreement](#) as a code of conduct to help stakeholders understand what we expect for them when they are engaging with the Institute community, as well as to guide them on what does not belong. If we all follow this Community Agreement, we can ensure everyone feels empowered to participate and further promote intellectual growth and curiosity.

PRINCIPLES OF THE ASPEN INSTITUTE

Our founding commitment to a humanistic outlook remains at our core and reflects our belief that the dignity of every person is paramount, that social progress is imperative and attainable, that we can achieve breakthroughs by engaging with humanity's accumulated wisdom, and that the inner life and values-based leadership require nurturing. As we have gained new insights and understanding over the years, our conception of these points has changed. But our commitment to this humanistic outlook endures.

Our programs today reflect our foundational belief that dialogue among diverse people and across diverse perspectives is essential both to improving our understanding and to finding solutions to modern challenges. This enduring commitment has enabled the Institute to make unique contributions in the search for understanding and solutions. We seek to engage people of integrity and outstanding character from an ever more diverse cross-section of society. Read more about the [Principles of the Aspen Institute](#).
